

Course information

Land and property healing is the process whereby problem causing denser energy is removed and replaced with higher frequency energy, raising the overall vibration of the property. These healing sessions help clients to sell their properties, attract better tenants, remove a constant stream of bad luck, cease paranormal activity, move bad neighbours on and more.

The Land and Property Healing Practitioner Course is an International Institute of Complimentary Therapies (IICT) approved course. It is for people who are wanting to conduct land and property healings for clients or just themselves. Having the certification will enable them to be ensured for the work they do through IICT.

The course is a four-day intensive (40 hours) with a take-home assessment (10 hours). At the completion of the course, if successfully completing the assessment, students will be able to conduct land and property healings for clients, write up land reports and facilitate phone consultations about properties.

No prior qualifications are necessary to complete this course. However, an interest in energetic healing, nature and/or real estate is recommended.

For online courses, the participants must have access to a place in nature that they will regularly be required to sit at throughout the duration of the course.

Assessment

You will be required to complete five separate property healings for people you know, write up the reports and have them signed off by the people you completed them for. These need to be completed within three months of the completion of the five-day intensive.

Cost

The cost of the course is \$2222 AUD (excluding accommodation). A \$500 deposit is due upon application. The balance is due 30 days prior to the course commencing.

Payments should be made by direct transfer to:

Earth Kind Pty Ltd BSB: 062692 Account: 70279066
